Lost Item

Last year, I went on holiday to Spain it was really fun until I lost my favourite, cuddly bear (I had owned it since I was born)

First, I was rushing around because me and my family were late to go to the airport I felt panicked and my Mum was running around the room packing everything very quickly.

I will remember:

- Capital letters
 - Full stops
- Conjunctions (and, but, because, if, so)
- Time words (first, next, then)
- Adjectives (happy, thrilled, anxious)
- -ly words –ful words

Then, we hurriedly drove to the airport and a fierce, terrifying, booming thunderstorm started. It was like a horror movie! I was so scared and really upset.

Next, I walked onto the plane (after waiting for a long time) and I carefully opened my bag to find my bear but it wasn't there! I cried to my Mum.
